Todd,

Well, here we are in our Junior (almost put Senior!) year and we are still the BEST of friends. The kind of friendship that we have will go on forever - no matter what kind of things get in the way. It's hard to put into words how much you mean to me because you're that special to me. Sometimes I think you're CRAZY; especially after getting me that watch (it's beautiful and I love it). I think the reason you're so special is because you care so very much! Thanks for laughing with me when times are good, crying with me (just joking), sticking with me when stories are rough and just plain being there when I need you. I treasure the feelings, the closeness and the understanding that we have for each other. I'll never ever forget all the good times we've shared - remember how much fun we had in New Orleans? (Anything Goes!, walking down Bourbon St., buying watermelons, drinking HURRICANES, that man offering me a job! 1/4 Houlihans, etc.) Don't forget about all the crazy things we did at your house & mine! (Barbequing! trying to anyway!, mixing all those drinks, cooking food - eating food!) So mention just a few more: Going to my grandmother's house for Christmas, Easter + etc.? East Island (playing cards, fishing w/ the mosquitos!, catching sharks), riding around + going eat out many many times, Ponchartrain Beach (Spook house + riding the carousel!). I guess the list could go on forever!! I hope we can continue to do things together - you're so much fun to be with! Good luck, be careful and always remember that I LUV Ya !!!!!

Lots of Love,
Leslie K. Chauvin
Class of 83!

P.S. Thanks for every single little thing you've done for me - every little bit makes me happy! Also, thank you very much for introducing me to Mr. Ron-

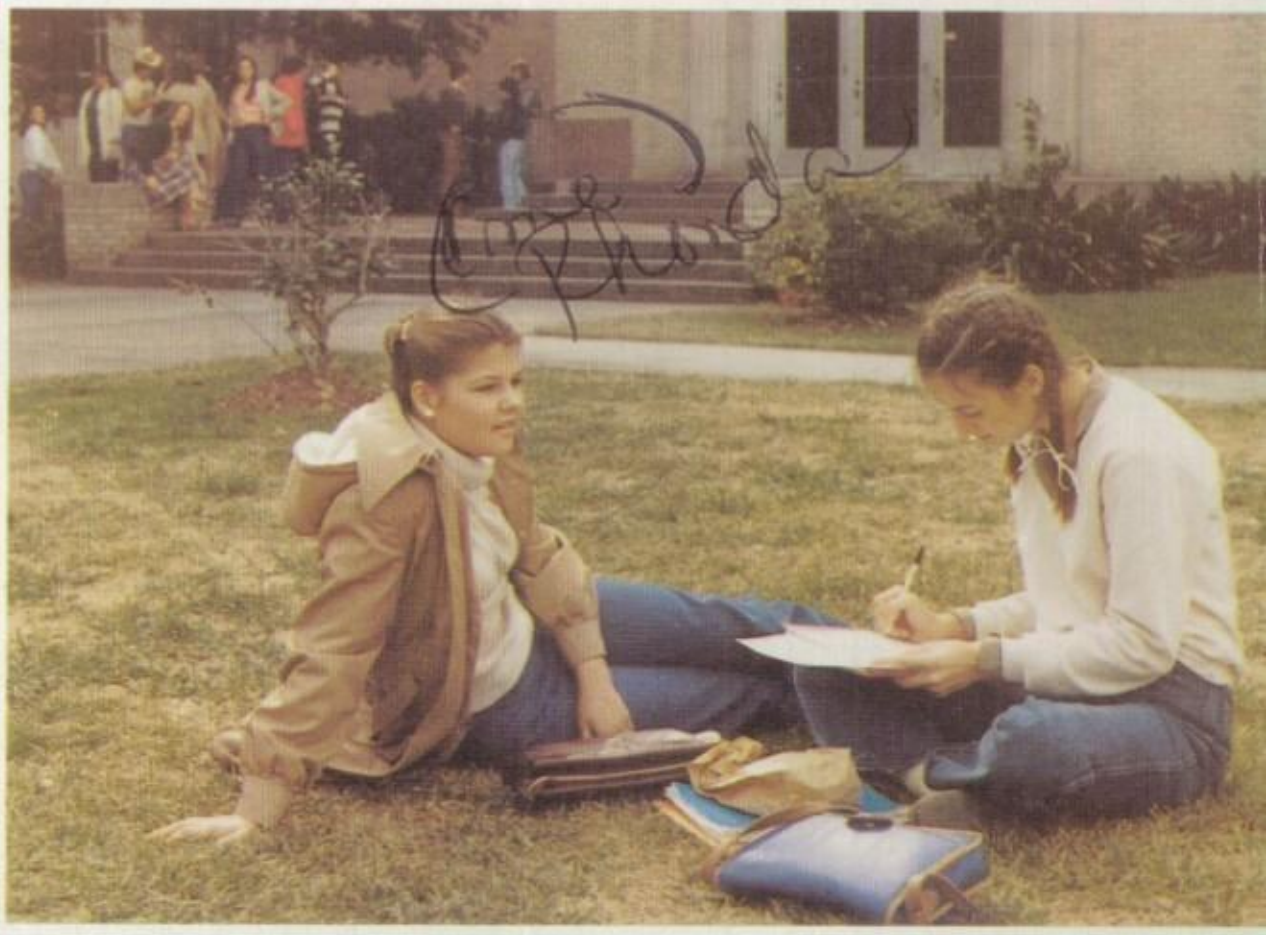
Todd,

What do you say to a terrific guy like you? You're a very special person! Biology wouldn't have been the same without you. Believe me, I have never forgotten about our date! One day it will happen! I hope that we can grow closer before the end our Sr. year. Remember that I love ya's,

Denise Blanchard

As we reflect on the 80-81 school year, we at THS can compare our lives to that of a portrait. With each new day, with each new stroke of the brush, we add just another touch of knowledge and experience.

With each mistake we make, we learn from it. With each new achievement we make, we add to the pride of being able to accomplish our goals. We not only have our individual goals, we have the achievements that we accomplish as a team, a school, and a nation.



Denise Blanchard

Todd.

I haven't known you that long but I think you're an alright guy. I hope we can have some good times together this year like starting with homecoming riding in your new car. Well and you will have to go raising hell one night so we can remember the good times. and stuff like that

Your friend
Kent Lockett.

Dear Todd,
I know we've had our ups and downs but I'm glad we've been friends for this long. Remember when we used to go to Mrs. Hall's house and play with her dog Tina and Mrs. Hall would get mad at us because we would be playing too rough with Tina. Remember when we used to play in the mud and get our clothes dirty. Remember when we used to play in the creek and get our feet wet. Remember when we used to play in the sand box and throw sand at each other. Remember when we used to play in the water hose and get our clothes wet. Remember when we used to play in the water hose and get our clothes wet. Remember when we used to play in the water hose and get our clothes wet

Todd,

So a real sweet and cute guy. I've only known you for awhile. I hope we can become better friends. Good luck in the things you do.

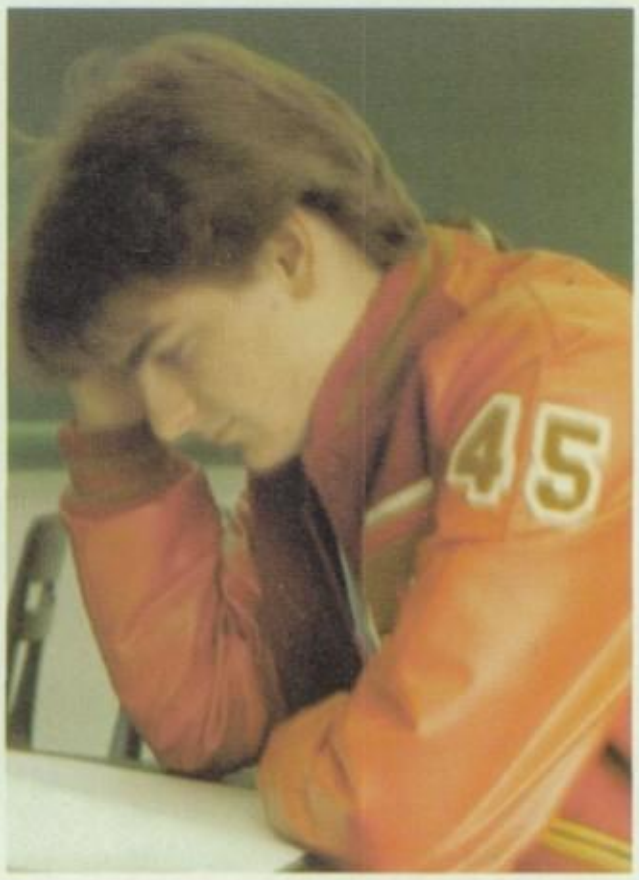
Dear Todd,

Do you think we'll make it through Chemistry? At least we're not failing alone! Well, boy, we finally made it to Juniors. Next is Seniors! I can't wait and I know you can't either. No, really! It'll be nice being a Senior but what's gonna happen to us all afterwards? I'm so glad we are as good of friends as we finally got to be. You're really "one in a million"! I hope we can get to be better friends before we graduate. You're really one hell of a guy. Good luck in football, life, and most of all, Chemistry. If you need any help, just ask! Don't ever forget our times together or our friendship. Be sweet and try not to miss any more Key Club meetings (Ha!)!

Ain't I cute!?! (Ha!) ♡



Love ya lots!

Ellen

Dr.'s in Oliver, '83!

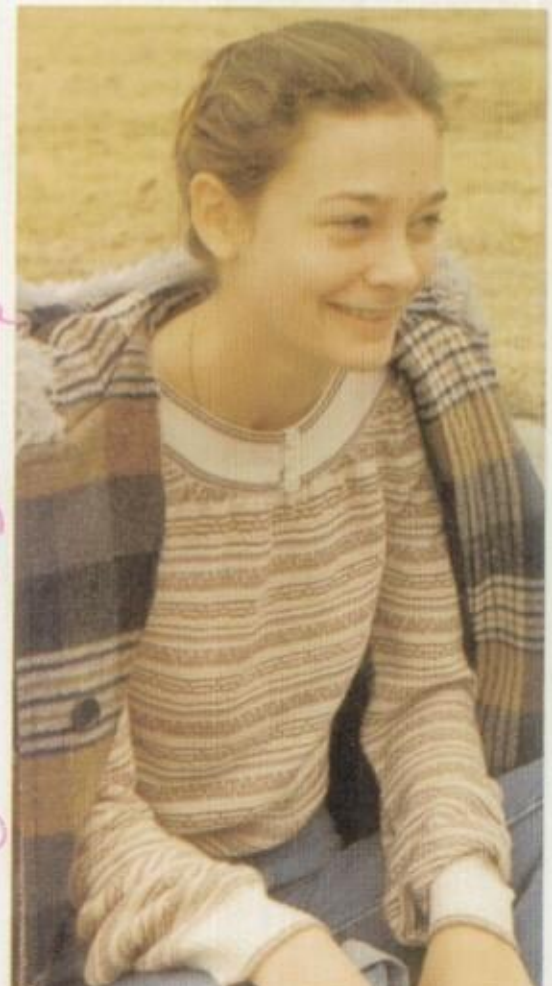
(Sounds good to me)

We started our portrait this year with ring day and a Jamboree Dance. We had our traditional dances: Homecoming, Carnival Ball, Sadie Hawkins, and Prom. We had football games, basketball and baseball games. Our basketball team was #1 in our district. Our band, one of the two bands chosen from Louisiana, marched in New Orleans in the parade for President Carter's presidential campaign.

Well, we are finally Juniors! Unbelievable! Well, we've been friends for a long time and I hope that we will always be friends. Good luck in your future in everything you do. I hope that we can become closer in this year of our senior year.

Best of luck to you.

Love ya always!
Lynn Antremont



Where do I start? I've been signing everyone's the same! We made it to Juniors. About time huh! I've been going to school with you since Kindergarden can you believe it. I'm just getting to know you really good this year and I hope we can become good friends through this year. In Mr. Rickers class it will be hard not to become good friends because we always get a good laugh or two from him (no match; and Channel 12 HA! HA!

Well Good Luck In your future and Be Careful

On Thursday January 29, we held a ceremony on the front lawn to honor the freed Americans who had been held in captivity for 444 days. Along with their release on January 22, 1981, Ronald Reagan took the office of the Presidency of the United States of America.

Todd,

Well we've had our ups and downs but I think we'll make it. I'm looking foward to goofing off in Am. History. Thanks for all the good times we've shared. Best of luck in what ever you decide todo! Be good-or try!

Todd

Well Todd, you are the nicest person that anyone could have as a friend. You are so kind and considerate. I remember the first time that I really got to know you. It was in Mr. Olin's algebra I class when he moved the class around by playing "Olin Bingo" (remember?) I sat in front of you and that's when we really started talking and getting to know each other. I never have regretted knowing you. How could I? I hope and know that you will get what you want out of life..

Monica Molaison

Todd.

Well it won't be long when I'll have to leave you and you'll be here along. But always remember you are a Cunningham and that makes you good. You have a tradition to keep going. Good luck and Best Wishes in the future. Take Care in football.

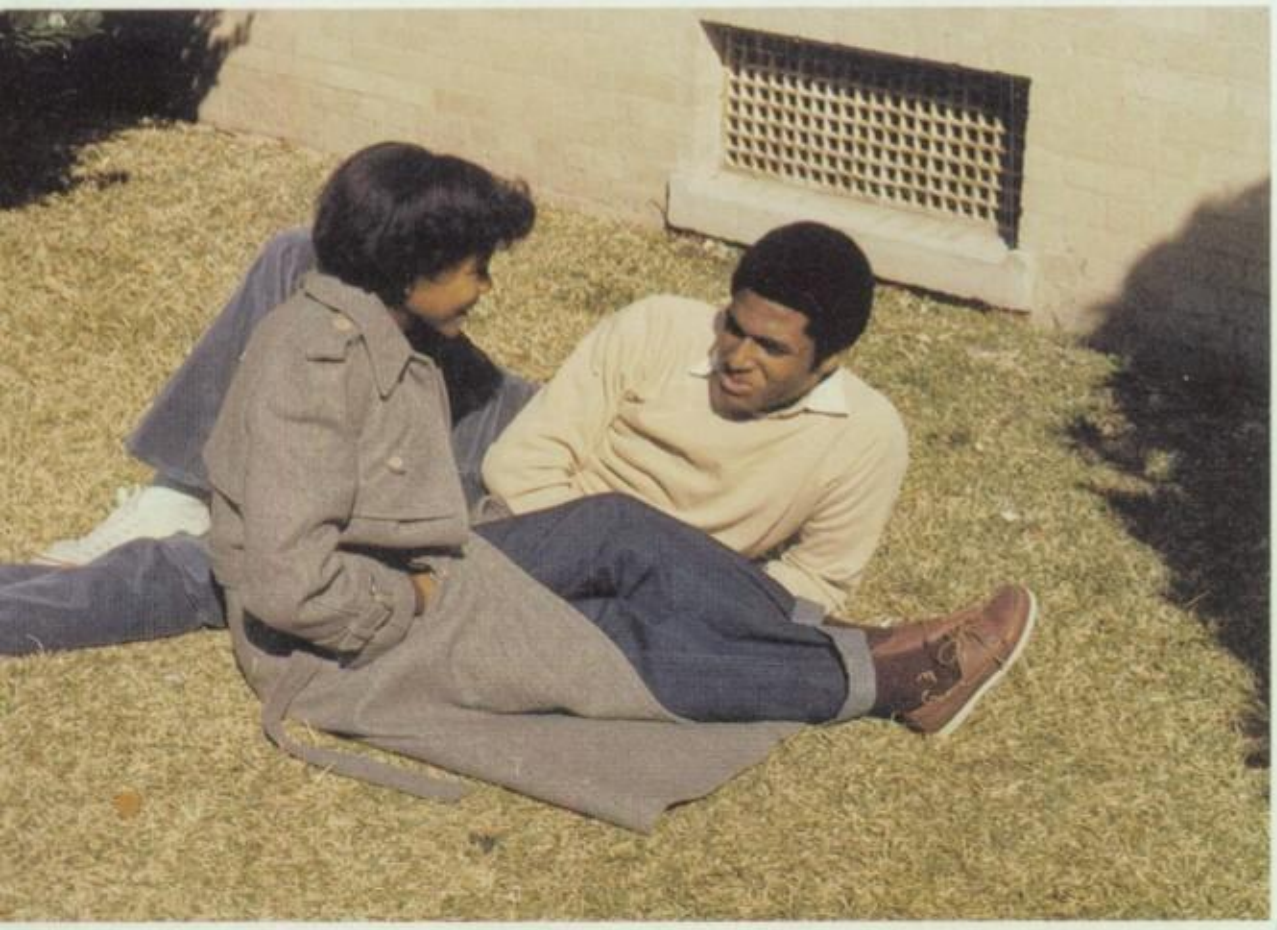
Always remember
If you can't be
good,
Be good at it.



Our portrait paints a picture of the achievements and wisdom that we have acquired in our years at THS. It would not be complete without Saturday nights out with the gang, breakfasts at McDonalds, Pep Rallies, hollering at the games, and getting ready for dances. All these fun times will always be remembered with fondness.

THS will always be remembered as our home away from home — the place where we learned so much, met our friends, had such good times!

As we finish our portrait, we start back and view what we have achieved, and what we hope to achieve as we continue our lives.

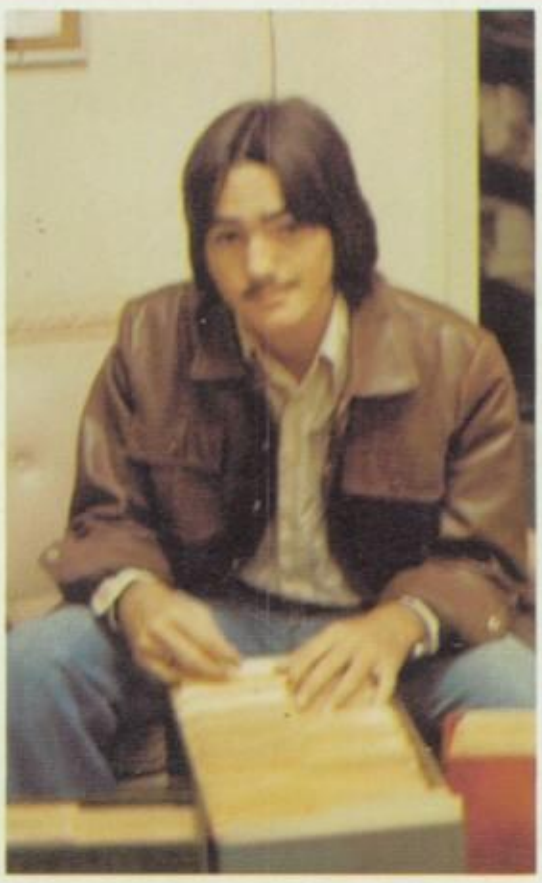
Todd,

Well, we only have one more year then we'll be on our own. Boy that sounds so good.



Remember all the good time we have had in Algebra II and all the times were going to have! (My arm is still soar). Well good luck in football. I'm behind you all the way.

Love ya,
Midge

Sooo,

Let's see how can I start? Remember when you used to live by me? We were always fighting. Then remember when we went out in the 4th grade. We were always fighting then too! No I'm just kidding. Those were some real rough times, but we had some very good times too. I'll never forget them or you. I'll always love you dearly. I'm sorry I put you through so much. You don't deserve that kind of treatment. You deserve the very best. I hope you get everything you want out of life! With your personality & natural Good Looks you'll go far in life. I hope we can put aside all those bad memories & start making some good memories (I don't mean that the way it sounds). But anyhow do you understand? You'll always be my first love & that means a lot to me. I hope you haven't forgotten all those terrific times. I know I never will. Good Luck in your next 2 years in school. I know with your below average intelligence, you'll need it! (HA!, That's for calling me fat!!) Well anyhow, Don't hurt yourself in football, you'll need all the help you can get! I'm so mean, huh? Forgive me? Just remember I love you lots. (I like your car too!!) HA! Well let's see what else is there? Be good! (like me

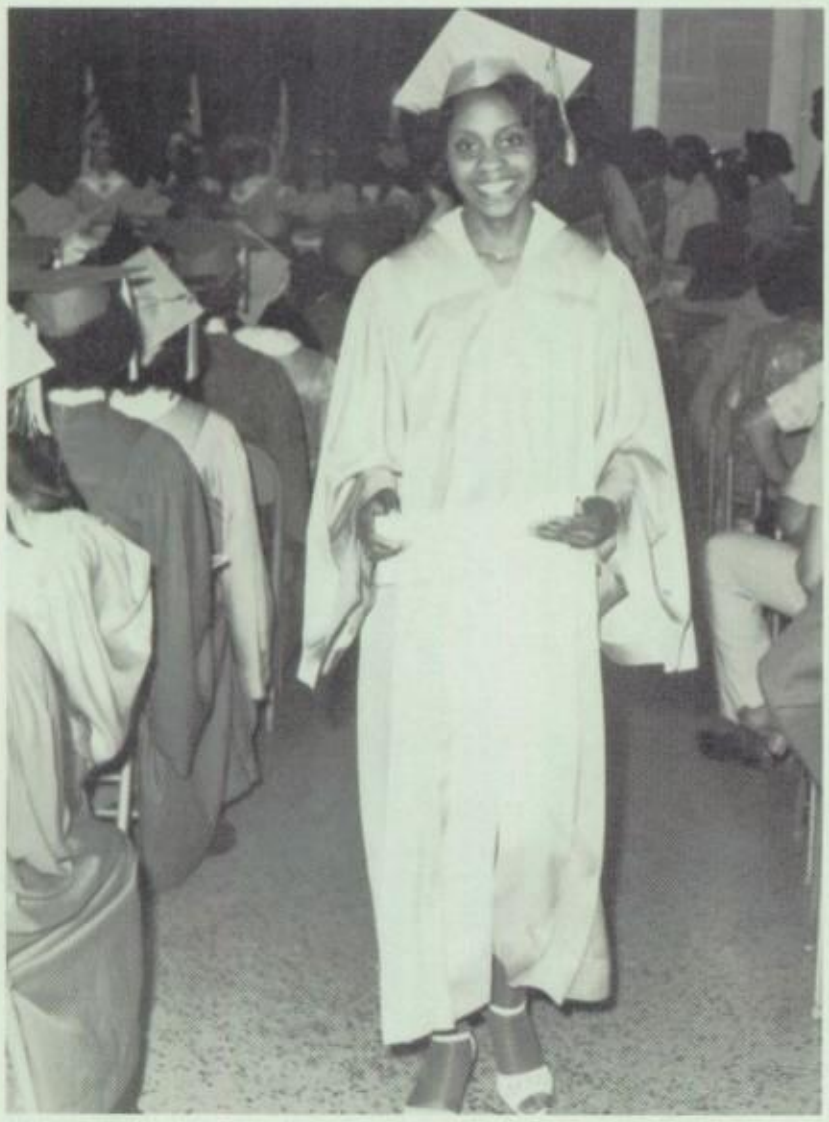
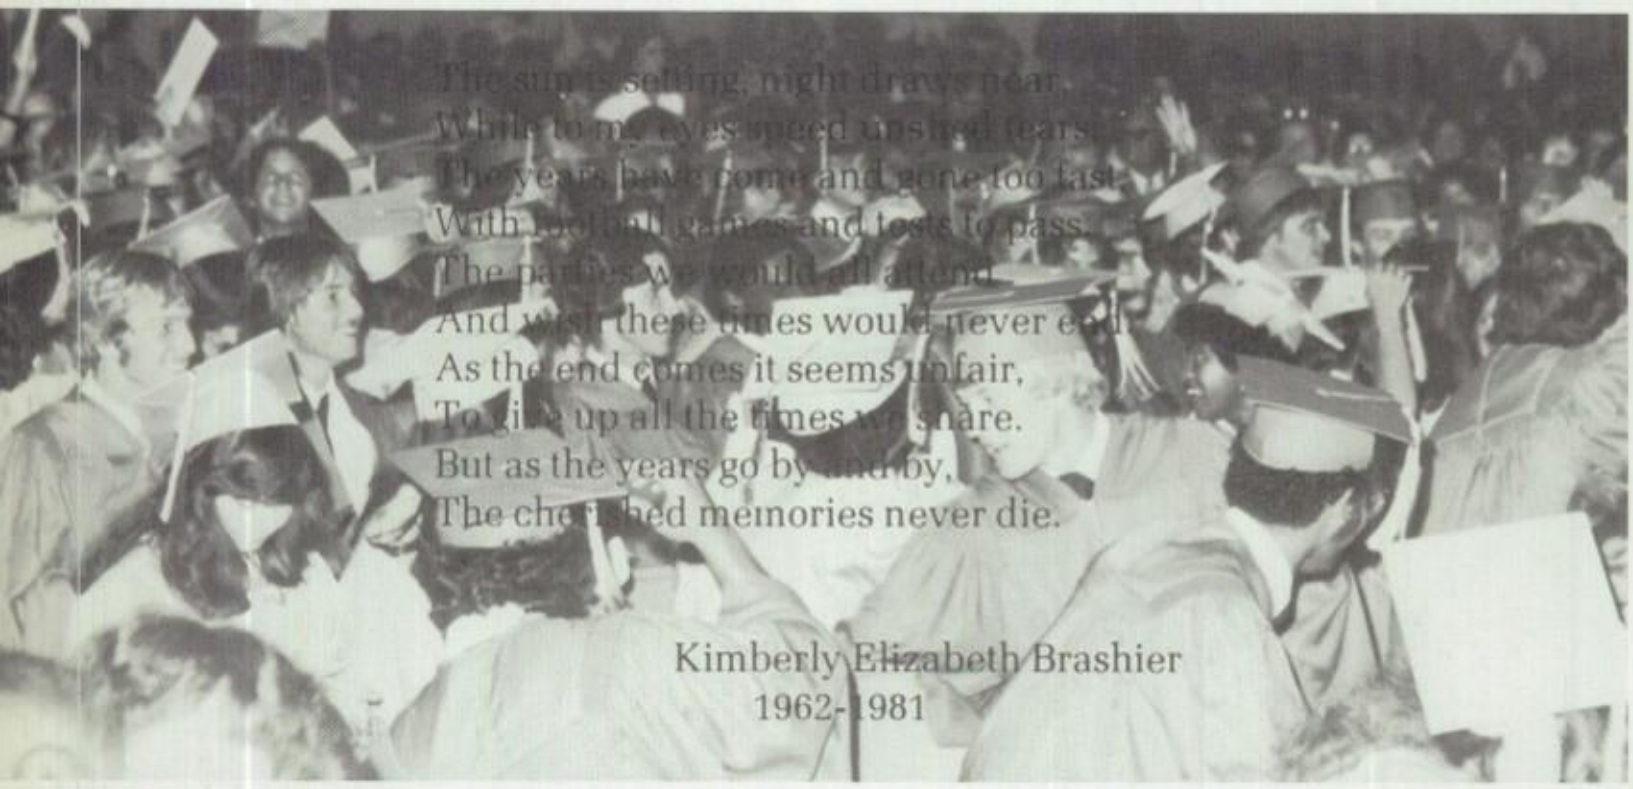
Top — All rose for the invocation which was given by Rev. Issaiah S. Holmes, pastor of the New Rising Sun Baptist Church. The Benediction was given by Rev. Jervis O. Burns, who is the pastor of St. Matthews Episcopal Church. On the morning of Graduation Day, a Mass was held for all graduating seniors and their families and friends. After the Mass, which was held at St. Francis de Sales Church, and presided over by Monsignor John Newfield, doughnuts and milk were served by the Catholic Daughters of America. Bottom left — Anne Marie Fournier received congratulations and her diploma from her father, Paul Fournier, who is the new Superintendent of Education for Terrebonne Parish. Bottom right — Cynthia Ann Roy received her diploma from Principal Warren G. Sevin.

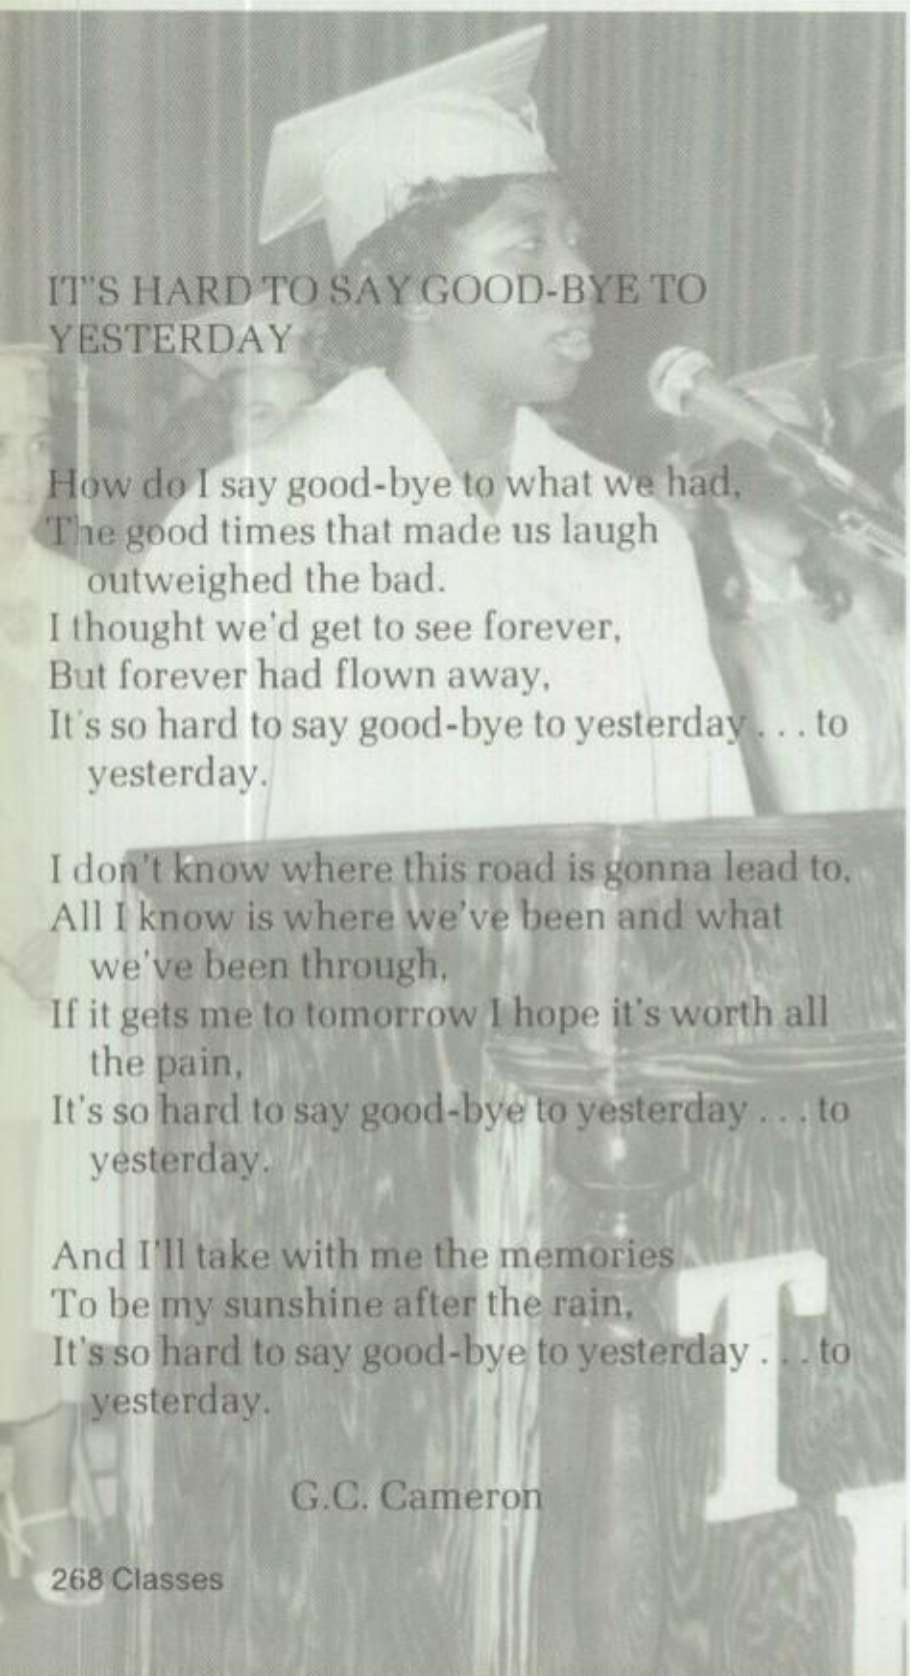


Top left — Sharri Denise McGuire was one of the happy graduates. Top right — Elissa Ann Brashier, Evelyn Allyn Olivier, Ina Mary Champagne, and Terri Lynn Bergeron wait to hear the first few strains of "Pomp and Circumstance," which will signal the beginning of the end of their senior year. The recessional which was played by the THS Band, also, was entitled "Coronation March." Bottom left — Kirk David Bergeron, Evelyn Clair Goodrow, and Karen Mae Garrison smile for the camera. Bottom right — Celena Cunningham happily received her diploma.



The sun is setting, night draws near,
While to my eyes speed unshed tears.
The years have come and gone too fast,
With football games and tests to pass.
The parties we would all attend
And wish these times would never end.
As the end comes it seems unfair,
To give up all the times we share.
But as the years go by and by,
The cherished memories never die.

Kimberly Elizabeth Brashier
1962-1981



IT'S HARD TO SAY GOOD-BYE TO YESTERDAY

How do I say good-bye to what we had,
The good times that made us laugh
outweighed the bad.
I thought we'd get to see forever,
But forever had flown away,
It's so hard to say good-bye to yesterday . . . to
yesterday.

I don't know where this road is gonna lead to,
All I know is where we've been and what
we've been through,
If it gets me to tomorrow I hope it's worth all
the pain,
It's so hard to say good-bye to yesterday . . . to
yesterday.

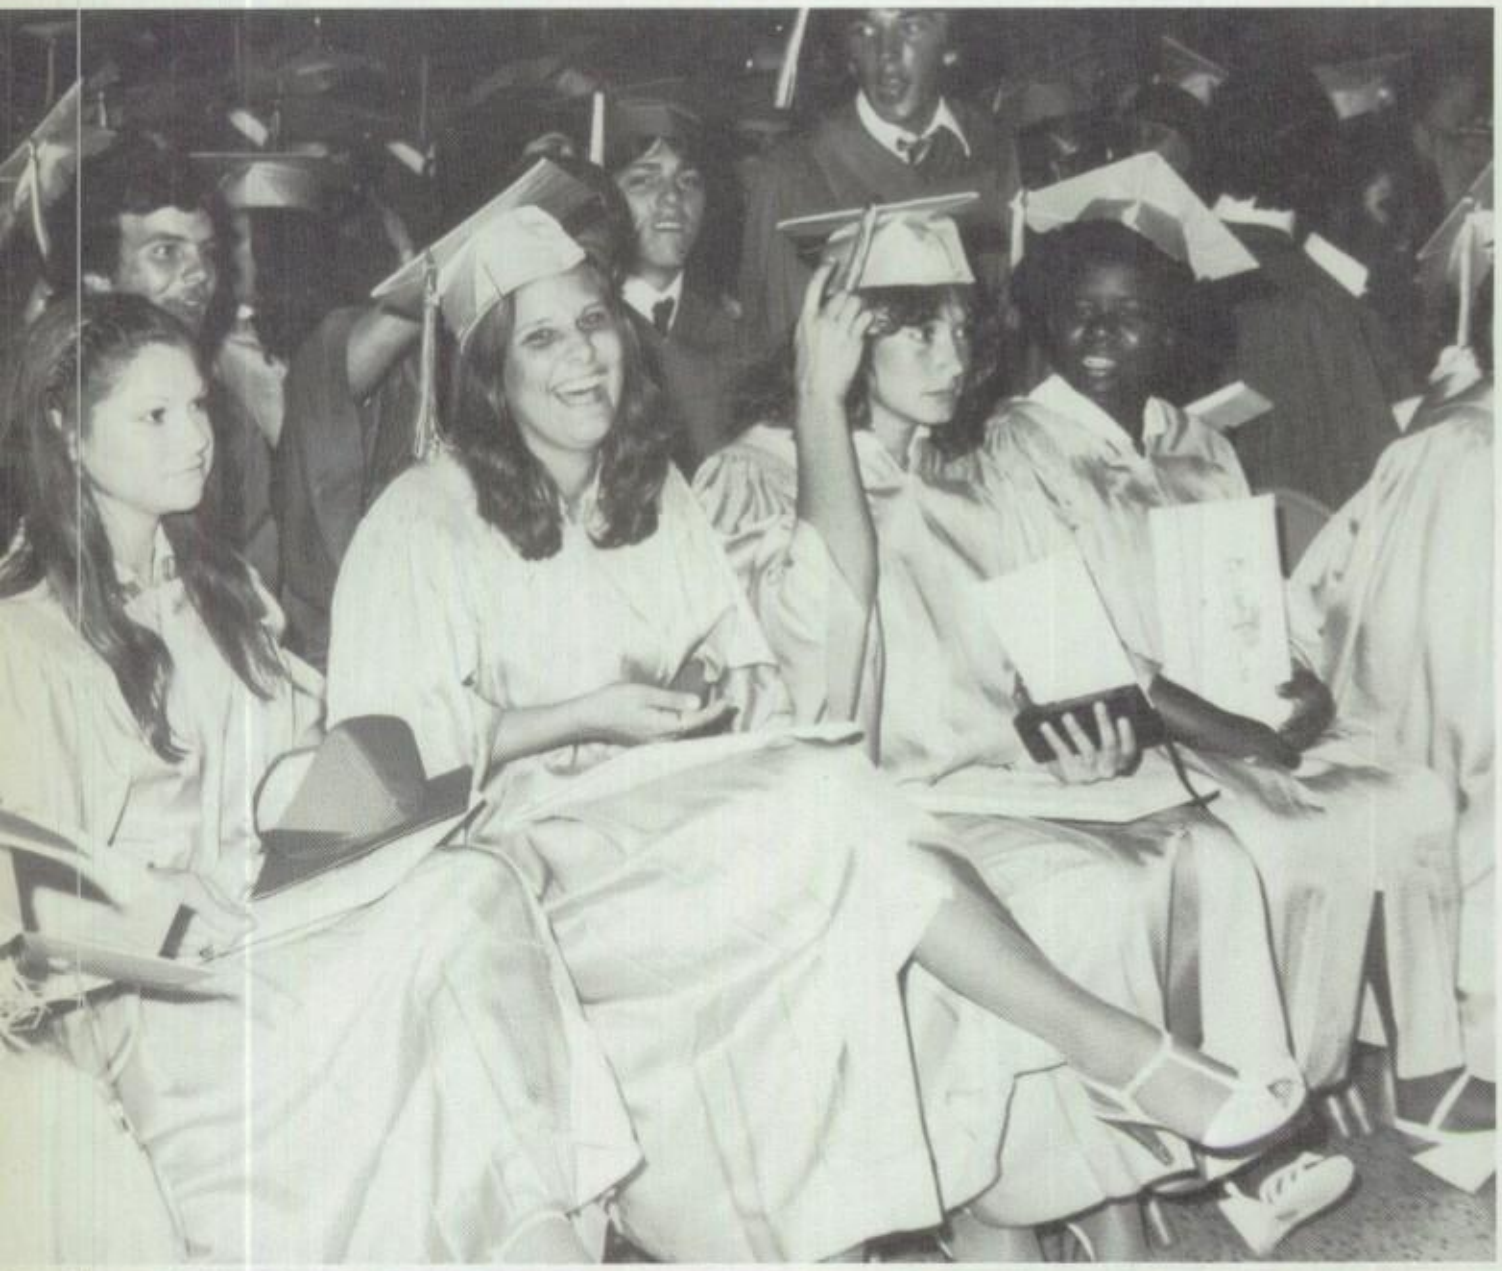
And I'll take with me the memories
To be my sunshine after the rain,
It's so hard to say good-bye to yesterday . . . to
yesterday.

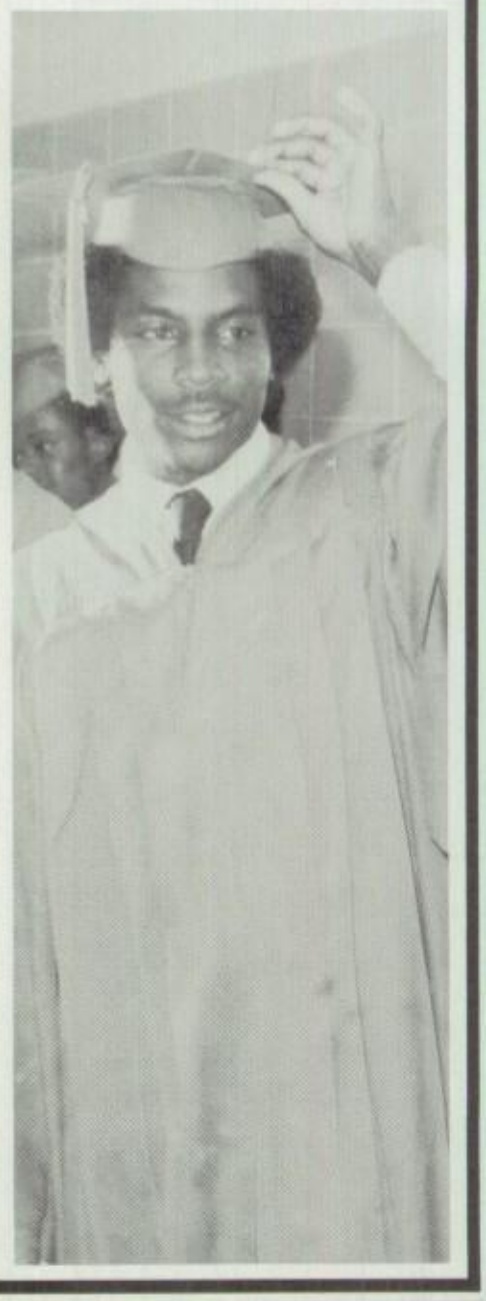
G.C. Cameron

Bottom left — Bambi Lynn Alridge led her class in the singing of the class song. Bottom right — Stephen Michael Naquin received his diploma from Mr. Sevin as Vincent Joseph Naquin was recognized before the audience. Mr. Sevin was assisted by Asst. principals John W. Chaisson and James E. Charles.

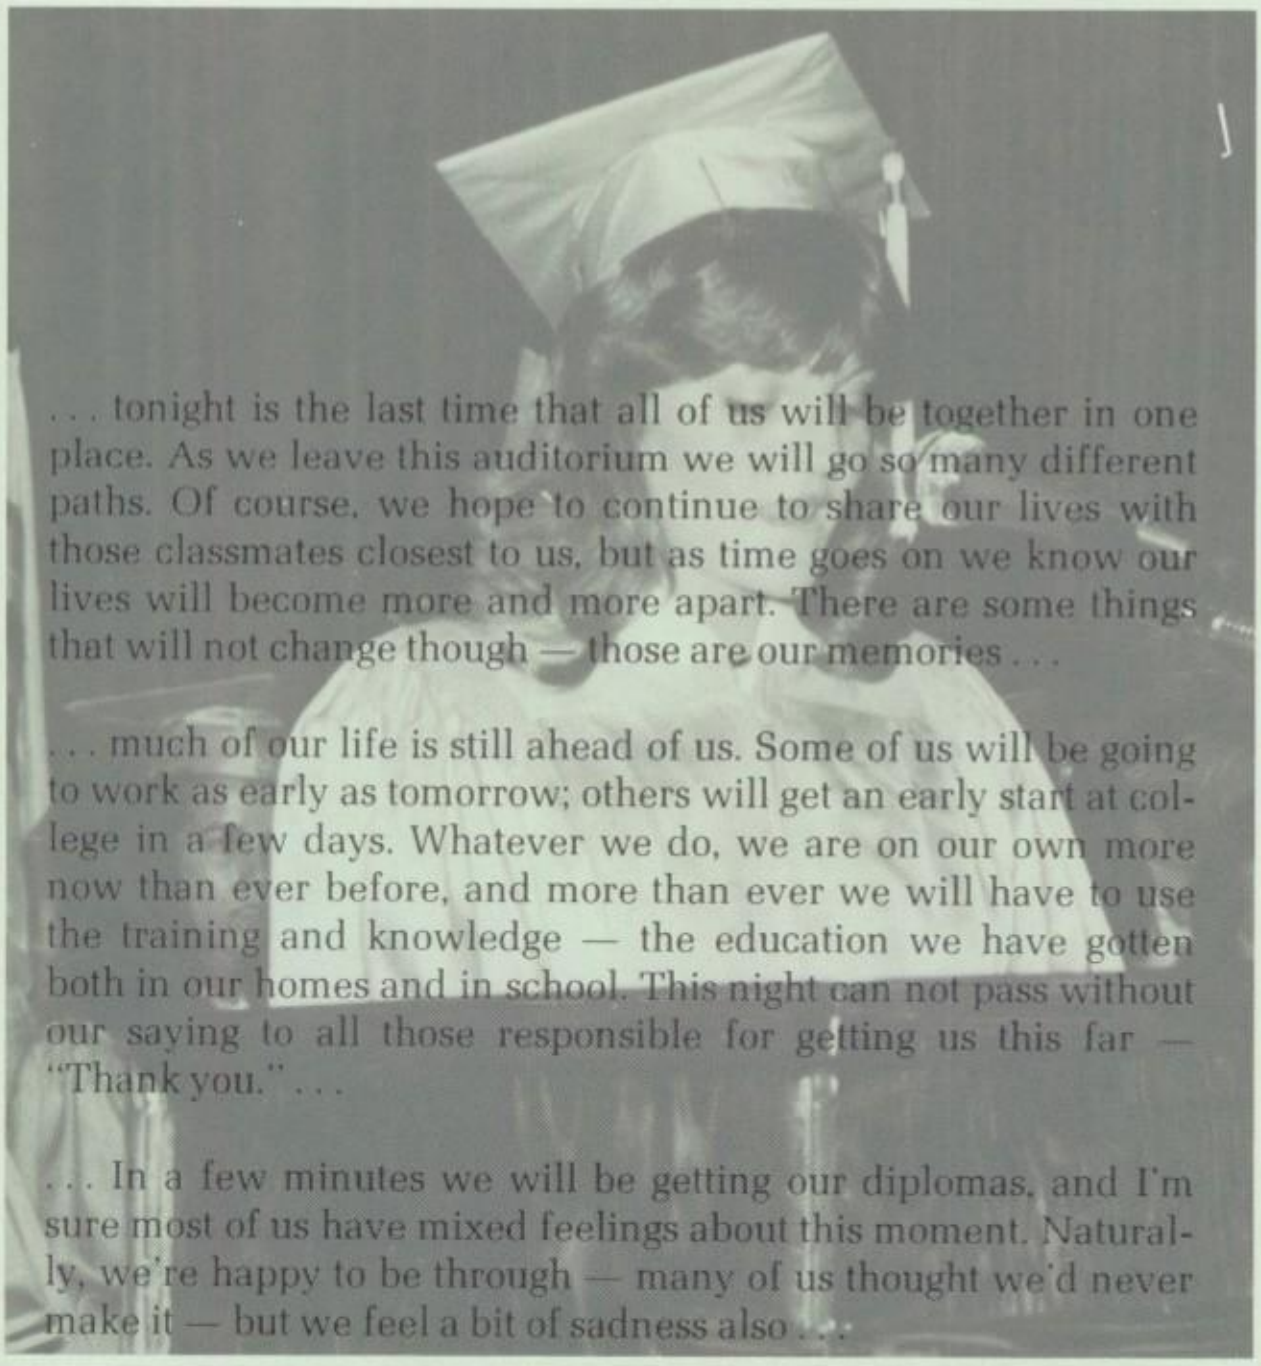
Waggenspack, Boudreaux Win American Legion Awards

Center — Belinda Lee Butcher and John Salvadore Billiot sang "It's So Hard To Say Good-bye To Yesterday" along with the other graduates. Top — Susan Logan Waggenspack and Kenneth Francis Boudreaux were presented the American Legion Awards by Mr. Merlin Bascle, who was representing the Lenox Hotard Post No. 31. Bottom left — Karen Sue Vinson walks back to her seat with her diploma as the honor graduates clap for another classmate who is about to receive his diploma. The honor graduates were Barbara Louise Bilello, Kenneth Francis Boudreaux, Constance Evangeline Conklin, Renee Elizabeth Dupre, Elise Marie Ertell, Elaine Agnes Frederick, Karen Mae Garrison, Evelyn Clair Goodrow, Terri Leigh Hebert, Christine Diane Moody, Karen Anita Moody, Anne Mary Parr, and Lisa Claire Parr. Bottom right — Evelyn notices the camera.





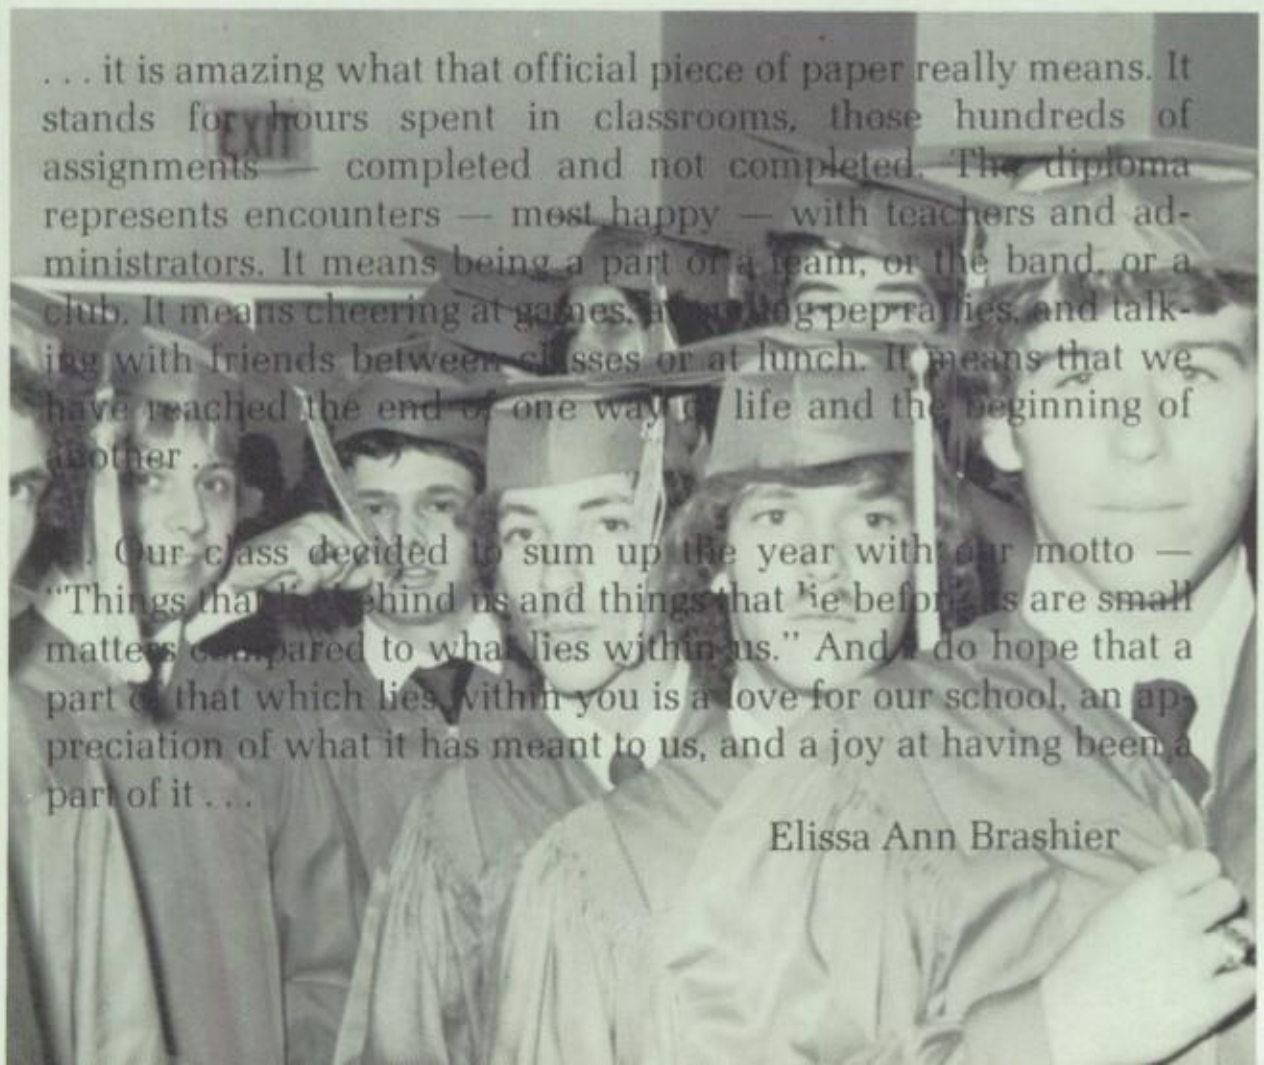
Graduates of 1981 Number 261



. . . tonight is the last time that all of us will be together in one place. As we leave this auditorium we will go so many different paths. Of course, we hope to continue to share our lives with those classmates closest to us, but as time goes on we know our lives will become more and more apart. There are some things that will not change though — those are our memories . . .

. . . much of our life is still ahead of us. Some of us will be going to work as early as tomorrow; others will get an early start at college in a few days. Whatever we do, we are on our own more now than ever before, and more than ever we will have to use the training and knowledge — the education we have gotten both in our homes and in school. This night can not pass without our saying to all those responsible for getting us this far — "Thank you." . . .

. . . In a few minutes we will be getting our diplomas, and I'm sure most of us have mixed feelings about this moment. Naturally, we're happy to be through — many of us thought we'd never make it — but we feel a bit of sadness also . . .



. . . it is amazing what that official piece of paper really means. It stands for hours spent in classrooms, those hundreds of assignments — completed and not completed. The diploma represents encounters — most happy — with teachers and administrators. It means being a part of a team, or the band, or a club. It means cheering at games, attending pep rallies, and talking with friends between classes or at lunch. It means that we have reached the end of one way of life and the beginning of another . . .

. . . Our class decided to sum up the year with our motto — "Things that lie behind us and things that lie before us are small matters compared to what lies within us." And I do hope that a part of that which lies within you is a love for our school, an appreciation of what it has meant to us, and a joy at having been a part of it . . .

Elissa Ann Brashier

Opp. top right — The graduates ready themselves for the recessional. Besides playing the marches the band also played the "Alma Mater" and the "Star-Spangled Banner." The student vocalists were Ina Mary Champagne, and Bambi Lynn Alridge respectively. The student conductor was Gina Christine Maherne. Opp. top right — Kelvin Williams checks himself in the mirror. Opp. bottom left — Mr. Cecil J. Bordelon delivers his last graduation speech before retiring from the position of Superintendent of Education. Opp. bottom right — Charles John Anderson was one of the 261 graduates to cross the stage that night. Top — Elissa Ann Brashier, president of the class of '81, delivered her commencement address. Top right — Gregory Barrett Rhodes was one of the many happy graduates. Bottom — The guys anxiously awaited the beginning of the exercises.

It is really fun being with you. And you really have a great personallity. (Don't ya love the way I spell) I hope that we get to know each other better in the future, I know we will cause ya just can't resist my charm personality. We have never gotten in any real fights yet. and I hope that we never do. Sometimes I think that we get along too good, but I am glad for that. I wish you luck in you Sr. Year and in Football. Maybe I will be lucky, well you will be the lucky one having to put up with me next year and Dana too, so I really know ya'll gonna have a hell of a time. I wish ya luck in your Senior Year, if you ever get there (just joking). I hope that things will never change between us, cause I love you

and always remember that. All the times
I have spent with ya, I will never
forget them. I really enjoy being arou
you. Even though your a pain in the
you know what., "Even though", I still
love ya. Guess what I am sitting here
running out of things to
say., I guess I just want
to take up all the space tha
ya have left in this book. No really,
good luck in the future after your
Senior Year., I hope ya find what
your looking for in life. Look, behave
for the rest of the school year if ya
think ya possibly can. I hope you
had a red ne
time at Homecoming! (Sorry Just Joking) I did!

Todd,

I just don't know where to begin. Well remember Mr. Sedet's class in 8th, remember Mr Olin in 9th. Remember you & Sherri and me & James boy I never thought them two couples would breakup ~~did~~. But that's the past baby We have to start living now, don't forget the past but just start thinking about the future too. Boy just think one day for our 20th school reunion we are going to see each other and probably laugh (I'll be fat and you bald) WOW! That's weird, we will probably be married have a couple of horrible brats, and also probably be burnt out to the MAX! Well let me forget about that and start telling you how much I care for you TODD you are a sweet guy and I am so glad we can be such ~~great~~ friends. Baby I will never forget you and that summer of a time we had last year for homecoming; but that is going to change because me and you are going to have a blast and a half. I promise you! So cheer up! PLEASE! (cont. on pg. 309)

TERREBONNE BANK & TRUST

As a Young Family, How Should We Save?

The young family just starting out needs to start a regular sayings account at TBT just as soon as possible . . . even if it's only for a few dollars. You can open the account with as little as $5.

But first, open your Terrebonne Bank checking account. **Then set up an automatic deduction on a regular basis. In other words, "Pay Yourself First". You'll be able to afford some amount, small perhaps, but something. Then as you work out your monthly budget, include that something for yourself, right along with the other items you need each month.**

One advantage of a regular savings plan at TBT is that you can add as much (or little) as you want, anytime you want. **Your money is always available if you need it, and it's fully insured to $100,000. Other plans at TBT may pay a slightly higher interest rate but they carry a penalty if you have to withdraw the funds (and you need a much larger amount to start one, too). These plans are good for a little later, when you've built up your regular savings account.**

Right now you need to get into the savings habit. **Discuss your particular situation with one of the professionals at The Savings Place. Terrebonne Bank.**

New England Life

We're continuing our growth in both personnel and services at New England Life's first district office in Houma. And that means both businesses and individuals in the Terrebonne & Lafourche area now have access to New England Life's sophisticated products and facilities for their estate and other financial needs.

Together, Eddie, Myron and Steve make up a professional team that delivers the quality service you'd expect from an old, well-established company like New England Life. If you'd like to see what these specialists can do for you, give them a call or stop by their office on East Main Street. We think you'll enjoy Life at New England.

Good
LUCK in everything.

P.S. "A" is yours grade.

Todd, Prom

Well where do I begin! I guess at the beginning. I believe it was in the year 1970. We were in Kindegarten together! Do you remember? You, me, Beanii, Keith, Sherri, & Butch - probably even more. You are so sweet and I love you to death. Your personality is one in a million. Some day you're make a very lucky girl, extremely happy.

The second time we became friends was in the 9th grade. We were in P.E. together along w/ Susan H., Royal, Leslie, and Treena. Treena used to adore Leslie so much. I remember one day you and I had to be Gymnast dancer partners. As I remember, you were pretty good at it. I'm really happy that we've become so close this year and last. It really means the world to me. If you ever need to talk to anyone, I'm here.

You are like my best friend which I cherish very much. HTS

I'll Love you Always.

Kelly Hebert
